**DON'T DELAY...
ENROLL TODAY!**

Mad Science of Washington DC

301-593-4777 Register online at dc.madscience.org

**Spark your child's
imagination even
when school is out!**

School:
Lees Corner Elementary School
Registration Deadline:
Wednesday, September 21, 2016

Details: Tuesdays, 3:45-4:45PM
10/4/2016-11/29/16/2016
No Class: 11/8

Cost: 8 wk / \$118 OR
\$108 for PTA members (see PTA site)

Funky Forces and More:

Che-mystery

Discover the mystery in chemistry! Explore one of the most exciting and fundamental sciences as you watch water turn into juice and liquids turn into solids. Explore physical and chemical reactions with the **Dynamic Dish** kit.

Current Events

Take a tour on the electron freeway! Investigate conductors, insulators, and other elements in the world of circuit electricity. Get turned on to science and technology with the **Circuit Maze** kit.

Fun-damental Forces

What do gravity, inertia, and centripetal force have in common? They are all part of the fun in this introduction to physics. Feel the pull of precession with the bike wheel gyroscope, and strike the perfect balance with the **Gravity Game** kit.

Science of Magic

Learn the science behind illusions, read minds, and perform a Houdini-style escape! Amaze and amuse friends and family with the **Curious Cube** kit. It's not magic—it's science!

Fantastic Fliers

Fly through flight and aerodynamics basics! Discover the four forces that affect flight. Make and test various plane designs to see these forces in action! Build the **Sky Hawk Foam Plane** glider and fling it forward!

Super Structures

Act like junior architects and engineers! Test out shapes for strength. See if a paper column can withstand the Column Collapser apparatus! Construct a structure from scratch with the **Bridge Basics** kit.

Under Pressure

Join Bernoulli as we take an exciting look at the science behind air pressure. Create a whirlwind with an Airzooka vortex generator, and make pucks and balls levitate with air pressure! Launch foam rockets with the **Air Blaster** kit.

Wacky Water

Simulate the effects of an ocean oil spill, and develop creative techniques to clean it up! Create your own **Rescue Diver** tool while learning about water, waves, and the environment.

Policies:

- Classes may be cancelled due to low enrollment. If class is canceled due to exigent circumstances (e.g. inclement weather), we will try to reschedule, but cannot guarantee a make-up class.
- A full refund (less a \$10 processing fee) will be given if requested in writing and received by Mad Science within 5 business days after the first class. Email info@madscienceofdc.com
- MS is not responsible for your child prior to and after the scheduled class. Please make sure you pick up your child on time. We do allow a 10-minute grace period, and will charge you \$1/minute thereafter based on the school clock. This should be paid directly to the instructor.
- Please send a note with your child on the first day of Mad Science to remind their classroom teacher to send them to Mad Science. Mad Science does not pick children up from the individual classrooms.
